

Model social media posts tagging the four caucuses of the CT General Assembly. Try tagging your own state senator and representative, too!

- @CTSenateDems @CTSenateGOP support for the Transportation and Climate Initiative means support for #greenjobs, #publichealth and #environmentaljustice. Please vote YES to SB 884. #TCI
- @CTSenateDems I support the Transportation and Climate Initiative because I need affordable, accessible, and reliable public transit in my community. #TCI #TransitEquity
- @CTSenateDems @CTSenateGOP Under a #TCI Program, @CTDEEPNews would select an Equity and Environmental Justice Advisory Board to support program integration, coordinate outreach to overburdened and underserved communities, and advise how transportation and public health investments should be prioritized in #CT communities.
- @CTHouseDems @CTHouseRules SB 884 requires 50% of #TCI investments be dedicated to benefit #CT communities overburdened by air pollution and communities underserved by the transportation system. TCI will improve air quality and access to affordable and convenient transportation options.
- @CTSenateGOP The Transportation & Climate Initiative is an investment in #CT. #TCI will cap carbon emissions and reinvest allowances into transportation infrastructure, cleaner vehicles, & healthier air.
- @CTSenateDems @CTSenateGOP the impacts of #climatechange know no party lines, and we must stand united by providing Connecticut the much-needed air quality and #cleantransportation improvements it needs through #TCI.
- The #TCI program ensures reduced emissions by directly capping them, & invests auction proceeds in #cleantransportation & #pollutionreduction measures in our communities. @CTHouseDems @CTHouseRules

- Connecticut can secure better, more reliable transportation for its rural communities by passing TCI. #PassSB884
- The state can leverage polluter-paid dollars, bring new \$\$ to our aging infrastructure, AND secure more federal transportation funds by passing TCI. #CtTransportationFuture
- 80% of CT residents support Governor Lamont working with other states to improve transportation. Our legislators must pass TCI. #CtTransportationFuture #SupportTCI #PassSB884
- 7 in 10 voters support the Transportation and Climate Initiative "As Part of the Recovery from the Pandemic". #SupportTCI #PassSB884
- If all TCI states committed and invested their proceeds into active mobility and public transit as many as 770 lives could be saved each year. #OurClimateOurHealth
- #TCI will help CT reduce transportation emissions must by 29% below 2014 levels by 2030. We need you take action @CTSenateDems & @CTSenateGOP. #OurClimateOurHealth #PassSB884
- CT has some of the highest levels of air pollution in the region, especially along transportation corridors. TCI will help reduce air pollution that plagues our cities. #OurClimateOurHealth #PassSB884
- 81% of voters say reducing climate pollution is important. #OurClimateOurHealth #PassSB884
- Over 80% of voters say increasing clean public transportation options matter.
#OurClimateOurHealth #PassSB884
